April 2018

¹ All provider spending growth is limited to 1 percent above the nation in a single year, and cannot rise above the national growth rate for two consecutive years. Maryland hospitals cannot be above the national growth rate in 2018 without causing a triggering event.

² Data contain summaries provided by the federal government that have been prepared for Maryland, but are not official federal data. Data are preliminary and contain lags in claims. There may be material differences in results when final data are received.
