LinkedIn and YouTube @Maryland Hospital Association

Share 'Care Takes All of Us' content from the MHA handles or utilize the tools below to post directly from your social accounts.

Social Media Posts:

Graphics and video files are [linked here](#). Each graphic and/or video can be paired with any of the social media posts below.

- Maryland hospitals power care and access for every community. Like the heart, our system only works when all parts work together. Care takes all of us.
- Hospitals are the heart of Maryland's health ecosystem. Hospitals keep the system beating through access, prevention, quality, and affordability. Care takes all of us.
- Maryland hospitals are united through the Maryland Hospital Association's Care Takes All of Us campaign, bringing workers, public health, community partners, and you together to deliver care for every Marylander. Care takes all of us.
- Our hearts support every part of us, and Maryland hospitals support every community - making sure we have affordable, high-quality care and prevention statewide. Care takes all of us.

- Our hearts work with every system to keep us alive. That's what Maryland's hospitals do. They unite our state's health care systems to improve care for every Marylander. Care takes all of us.
